KINCAID

MAKE HARVEST QUICK & EASY

100%
MADE IN THE
USA

Kincaid threshers make your harvest quick and easy! Kincaid designs its threshers to be self-cleaning and easy to operate. Kincaid threshers have adjustable concaves and variable speed transmission threshing cylinders to let you handle just about any crop. They come with inspection doors and panels that are easy to use and make inspections quick and simple. Kincaid threshers are OSHA approved and are designed with operator safety in mind. Available with electric motor, gas or diesel. Trailers are built with a heavy duty design and come with reflectors, turn signals and break lights. They are easy to transport. Kincaid threshers come standard with straight axles and radial tires.

18" BUNDLE THRESHER

Designed for ease of operation for wide range of crops and crop conditions. All steel construction gives many years of trouble-free service. Feed tray 60" above ground for easy feeding. Adjustable concaves, variable speed cylinder, two cleaning fans, and adjustable sieve. Tires on spring-mounted axles allow thresher to be towed at highway speeds.

- SUPERIOR PERFORMANCE ON A WIDE RANGE OF CROPS
- SIMPLE TO CLEAN OUT
- EASY TO TRANSPORT

36" BELT THRESHER

Gentle with seed, yet thorough threshing on most crops. Shaker shoe separation with air blast for final cleaning. Tension adjustments on pressure plates. Different screens available to accommodate wide range of seed sizes. Large rubber belts gently remove seeds for minimal seed damage and clean samples. Heavy steel construction, and sealed bearings. Coil spring axles and 14" tires.

- PERFORMS WELL ON HARD TO THRESH CROPS
- NOW AVAILABLE WITH OSHA APPROVED SAFETY PANELS
- EXCELLENT CLEAN OUT

PEANUT THRESHER

Large spike-tooth cylinder with grate concave and cleaning fan. Capacity with two people approximately one acre per day, depending on crop conditions. Heavy gauge metal construction, sealed, self-aligning bearings. Heavy duty trailer with leaf spring axle and 13" tires for towing.

- ONLY PEANUT THRESHER ON THE MARKET
- SIMPLE TO USE
- EASY TO TRANSPORT
